LESTER R. AMBROSE, AUDITOR.

REPORT OF THE SCHOOL BOARD.

To the citizens of the Town School District of Madison:

We herewith submit to you our annual report of our School affairs for the year ending, Feb. 15, 1897.

SCHOOL AT MADISON CORNER.

Both terms were taught by Lester R. Ambrose of this Town; the School was well conducted, and on examination we found the scholars had made very good progress as their advancement was thorough.

SILVER LAKE SCHOOL.

Both terms were taught by Miss Edna Lewis of Tamworth, N. H., who is a teacher of experience. Miss Lewis knows what to teach and how to teach it, in short, the examination showed that the scholars worked hard as well as the teacher.

NICKERSON SCHOOL.

Spring term was taught by Mr. George H. Hammon, this being his first experience as a teacher. We think the result of the School as to progress and thoroughness was as good as could be expected.

Fall term was taught by Miss Susan S. Evans of Fryeburg, Me., who is an experienced teacher and she conducted the School to the satisfaction of all.

MASON SCHOOL.

Both terms were taught by Mrs. Hattie E. Warren of this Town, who always takes a great interest in her scholars, and never overlooks any opportunity that can be employed for the interest of her pupils.

TASKER SCHOOL.

Both terms were taught by Miss Edith M. Bickford of Conway, N. H. Miss Bickford displays talent well adapted for an instructor, combined with a tact of a disciplinarian. She is well fitted for a higher position. The scholars were

well trained and general satisfaction prevailed.

QUARRY SCHOOL.

Both terms were taught by Miss Annie M. Whittaker of Conway, N. H., who, although she labored under some disadvantages as to furniture and fixtures in the School Room, she proved herself an efficient teacher, and brought about excellent results.

Our Schools throughout the Town have been more than ordinarily profitable. We have been very fortunate in the selection of our teachers, all of whom seemed to serve as a stimulus to our scholars to spare no effort to obtain knowledge.

The registers show a more regular attendance of the pupils than is customary, and the number of weeks of school through the town was 26 weeks, against 13 weeks 7 years ago.

We trust that any fair minded man that will investigate our Schools will agree with us that the money is profitably expended, and that our Schools are in the path of progress, and we commit this question to the *humanity* of the town for candid consideration, whether we shall still *progress* or *retrogress*.

WILLIE C. KENNETT,	} School Board

JOHN F. CHICK,

SCHOOL TREASURER.

MADISON FREE PUBLIC LIBRARY.

Keeping in mind the natural connection between schools and libraries, we hope for the hearty co-operation of every progressive person in the Town, in regard to supporting our Free Public Library. It has been in existence four years, and has nearly three hundred (300) volumes, and they are not trashy books, but literature of a better order.

Books of Art, Biography, Poetry, History, first-class Fiction, Science, Travel, etc.

One of the truest functions of the Public Library is to raise the recreative reading of the community to higher and higher levels.

The Public Library helps in social, political and religious training of people. It has been truly said: "The schools start education in childhood, libraries must carry it on."

Then let us help in this good work of Education.

MILLIE P. BURKE, LIBARIAN.
